PLAINFIELD, NJ - Prior to Mayor Adrian Mapp's withdrawal of an ordinance that would have placed the responsibility for layoffs of civil servants in the hands of the administration, there were ceremonial matters to recognize worthy individuals at Monday's Plainfield City Council meeting.

Councilwoman Ashley Davis presented a resolution to the Plainfield High School wrestling team for capturing its first ever division title.

Some of the team's successes include:

- Rumble in the Pines Champions - the first team title at an individual tournament since 1967;
- Union County Conference Mountain Division Champions - the first Division title in school history;
- Team Runner Up in District 13 Tournament and 5 region qualifiers - Best District Finish since 1967;
- 19-9 dual meet record - ties the school record for most wins in a season, and in the process Coach Dodd has amassed 65 career coaching victories to become the winningest wrestling coach in Plainfield history.
