## **CLINTON SCHOOL - Device Deployment Plan**

### **Location for Deployment – Parking Lot**

1. Staff only will park in the back of the parking lot at 8:00 AM. The parking lot will be closed by 8:15 so the tables and cones can be set up. Parents will park on the street.
2. Parent/students will enter thru the driveway only. #2 tables will be placed at the opening of the driveway approximately 30 feet apart.
3. The greeters #1 and #2 will be placed at each separate table #1 and #2 to review the Master student registration list. They will radio with the student's name for the device to the distribution agent at distribution tables #1 and #2 tables located in the handicapped parking spaces.
4. Parent/student will walk thru the line of cones and stop 6 feet from the table. Once the IPAD is placed down the parent will take the IPAD and exit down the walkway back out to the sidewalk.
5. Volunteer staff will work the schedule as indicated.
