

On Monday, March 11, 2024, Pinnacle Academy High School had the opportunity to have one of its first scholars visit the school as an alumnus. Ms. Tanasia Knight, Class of 2023, stopped by to visit and encourage the Pinnacle Academy family. Ms. Knight was amongst the first students to ever walk the halls of Pinnacle, participating in the mascot and naming contest, the ribbon cutting ceremony and has the distinction of the first Pinnacle Academy Most Distinguished Scholar for the graduating class of 2023. After the June graduation ceremony, she then attended K&G Career Academy in Elizabeth, NJ where she received further training to become a phlebotomist. She currently works for Aculabs in East Brunswick, New

Jersey as mobile phlebotomist, bringing her talents directly to the patients that she serves. We acknowledge Tanasia Knight and continue to support our Pinnacle Academy scholars as they enter the world.
